Wum, the 19<sup>th</sup> March 2015**From: BubaSulleDicko  
The Executive President****To: Anne Cheung  
The Director  
A2Empowerment****Subject: Letter of Appreciation**

On behalf of the *Aku* community of Menchum, I wish to register our sincere gratitude to your organization for the scholarship awarded to our girl children in GSS Upkwa, Wum.

This scholarship is a strong indication of your concern for the destiny of the *Aku* community which has remained under the firm grip of illiteracy for too long. The girls, their parents, and the entire community do not even know how to qualify their gratitude to your organization. It might interest you to note that the *Aku* community has only two girls who have attained post secondary school studies in all their 50-year history in Menchum Division. With support like this, I believe girls in the community can attain high education and begin to empower themselves.

The entire ACUDA team is looking forward to many more opportunities in the future and a improved collaboration with A2Empowerment for future sustainability. Once more, on behalf of the entire *Aku* community, I say thank you from the bottom of my heart.

Best Regards

The Executive Director
